quick win economics is aimed at practical people who understand that economics is important because economic models inform the most powerful people in the world who make decisions based on the advice of economists those decisions affect the daily lives of millions of people for better and for worse the mistakes of economists can have serious consequences it pays to know what they are talking about quick win economics will help you decode economic phenomena for example you ll find out exactly why a change in central bank lending rates will change your mortgage making you richer or poorer why big macs don t cost the same in every country and how economists would deal with pollution quick win economics is designed to let you dip in and out as you d like looking for answers to questions you might have or just for a place to start to understand the theory each entry is tagged by one of five subject areas economics essentials micro economics macro economics economic policy applied economics you also can use the grid system in the contents section to search for questions and answers across a range of topics or use the thread of cross references provided at the end of each q a

the teacher guide accompanies the student activities books in macro and microeconomics for teaching collegelevel economics in ap economics courses the publication contains course outlines unit plans teaching instructions and answers to the student activities and sample tests

from the winners of the 2019 nobel prize in economics wonderfully refreshing a must read thomas piketty in this revolutionary book prize winning economists abhijit v banerjee and esther duflo show how economics when done right can help us solve the thorniest social and political problems of our day from immigration to inequality slowing growth to accelerating climate change we have the resources to address the challenges we face but we are so often blinded by ideology original provocative and urgent good economics for hard times offers the new thinking that we need it builds on cutting edge research in economics and years of exploring the most effective solutions to alleviate extreme poverty to make a persuasive case for an intelligent interventionism and a society built on compassion and respect a much needed antidote to polarized discourse this book shines a light to help us appreciate and understand our precariously balanced world

from how the current crisis happened to the role of banks to how money works this book addresses complex ideas in an easy to understand q a format with lively prose with examples throughout from personal finance issues such as how to negotiate the best price for a car and should you buy a warranty for a new computer to big picture

questions that affect our national and global economy such as what is deflation and inflation how does monetary policy really work how does a corporation actually go bankrupt

is neuroeconomics a flimsy fad likely to pass without leaving a discernible trace in economics or is it a promising new field with the potential to enrich and improve economic theory neuroeconomics brings together a unique mix of perspectives ranging from philosophy of science to neuroeconomics practice to reflect on the promises and limitations of neuroeconomics for the future of economics the analyses collected in the volume suggest that although neuroeconomics raises methodological worries that ought to be dealt with it might contribute to economics in various ways some perhaps more promising than others one thing comes out clearly though a complete insulation of economics from neuroscience and psychology is likely to do economics more harm than good this book was originally published as a special issue of journal of economic methodology

exam board edexcel level as a level subject economics reinforce students understanding throughout the course clear topic summaries with sample questions and answers will help to improve exam technique to achieve higher grades written by experienced author rachel cole this student guide for economics focuses on the key topics of measures of economic performance economic growth and macroeconomic objectives and politics the first section content guidance summarises content needed for the exams with knowledge check questions throughout the second section questions and answers provides samples of different questions and student answers with examples of how many marks are available for each question students can identify key content for the exams with our concise summary of topics find out what examiners are looking for with our questions and answers section test their knowledge with rapid fire questions and answers avoid common pitfalls with clear definitions and exam tips throughout reinforce their learning with bullet list summaries at the end of each section
